

ADA COMPLIANT COMMUNITY

Did you know that you can help to improve accessibility in your community? Follow this simple, step-by-step guide and discover a wealth of resources, professional counsel, and financial aid.

Step 1

SUBMIT YOUR COMPLAINT

Contact your local advocate to help you submit your ADA building compliance concerns.

Step 2

A BUILDING AUDIT IS CONDUCTED

The building audit is shared with the building owner and/or architect.

Step 3

RECOMMENDATIONS ARE SHARED

Recommendations are shared with a building owner, architects, construction companies, and judges.

Step 4

BUILDING PLANS ARE MADE

Cost information is provided to the federal judge and the building owner prepares for construction.

Step 5

A RETROFIT IS COMPLETED

The building owner executes the retrofit and concludes with an audit to ensure ADA compliance.

"Successful people are those who've fallen off the horse a dozen times and gotten back on a dozen times."

- Jean Driscoll, Wheelchair Racer

"I'll do anything that will help handicapped people get around or improve their quality of life!"

- David Higginbotham, Advocate
